These unified regulations govern the conduct of all four disciplines contested in the Mayor's Cup:

Where these regulations are silent on a matter, the rules of the respective sport's international governing body shall apply. In the event of a conflict between these regulations and the international rules, these tournament-specific regulations shall prevail for the duration of the Mayor's Cup.

These regulations apply to all matches, training sessions, official events and ceremonies conducted under the Mayor's Cup banner. They bind all registered teams, players, coaches, managers, team officials, match officials, volunteers and supporters from the date of registration until the conclusion of the tournament and the resolution of any outstanding disciplinary matters.

Group stage: 2 × 40 minutes (with a 10-minute half-time interval)

Knockout stage: 2 × 45 minutes (with a 15-minute half-time interval)

The referee adds time for stoppages at the end of each half at their discretion.

Indirect free kick: Awarded for non-contact offences (dangerous play, impeding, goalkeeper offences).

Penalty kick: Awarded when a direct-free-kick offence is committed by a player in their own penalty area.

All football matches are played under the IFAB Laws of the Game (2024/25 edition) as adopted by FIFA and FUFA, with the following tournament-specific modifications:

Each team is allowed 5 substitutions per match, which may be made in a maximum of 3 windows (half-time does not count as a window). A substituted player may not return to the field.

The offside rule applies in full. A player is in an offside position if any part of their head, body or feet is nearer to the opponents' goal line than both the ball and the second-last opponent. A player is not offside if level with the second-last opponent or level with the last two opponents.

Teams & Roles

The Playing Field

Key Rules

Scoring

- 9 players on field per team (from a squad of 12–15 registered players).
- Teams alternate between chasing (attacking) and defending (running) each turn.
- When chasing: 8 players sit alternately facing opposite directions on the central lane, while 1 active chaser pursues the defenders.
- When defending: 3 runners enter the field at a time and try to avoid being touched by the chaser.
- A central lane (23.5 m × 30 cm) running the length of the field between two poles
- 8 cross-lanes (16 m × 30 cm) dividing the field into equal sections
- Two poles (wooden, 120–125 cm height) at each end of the central lane
- Free zones behind each pole
- Touch: A chaser scores a point by touching a defender with the palm of the hand (without any force or push). The touch must be clean and not involve grasping, holding or striking.
- "Kho" Call: The active chaser transfers the chase to a sitting teammate by touching them on the back and calling "Kho" clearly and audibly. The new chaser then becomes the active pursuer.
- Self Out: A defender is declared out (1 point to chasers) if they step outside the field boundaries or enter the central lane illegally.
- Direction of Running: Chasers must respect the direction they are facing when seated — they cannot change direction after receiving a Kho (they can only go to the side they face, or to a pole to change direction).

- Pole Turns: A chaser may go around a pole to change direction. Pole dives (diving around the pole to catch a defender) are a key tactical skill.
- No Recrossing: The active chaser cannot cross the central lane back-and-forth (must go around a pole or give a Kho to change sides).

All Kho Kho matches are played under the International Kho Kho Federation (IKF) Rules as adopted by the World Kho Kho Federation, with the following tournament-specific provisions:

Dimensions: 27 m × 16 m . The field consists of:

Each touch (dismissal) or self-out scores 1 point . The team with the higher total points at the end of all turns wins.

2 Kho Kho — Match Duration & Innings

Component	Duration
Each turn	9 minutes
Break between turns (same inning)	5 minutes
Break between innings	9 minutes (includes team strategy time)
Total match time	~63 minutes (4 × 9 min + breaks)

Match Structure

Shortened Format (Optional)

Extra Innings (Knockout Only)

Follow-On Rule

Batch Entry of Defenders

- 1 An extra inning of 2 turns × 9 minutes is played.
- 2 If still tied, additional innings continue until a winner emerges.
- 3 In extreme cases (after 2 extra innings), the DC may determine the result by other means.
 - Turns of 7 minutes each (instead of 9)
 - Reduced breaks of 3 minutes between turns
 - This must be announced before the start of the group stage

A Kho Kho match consists of 2 innings . Each inning has 2 turns (one chasing, one defending for each team).

For group-stage matches when time is limited, the OC may authorise a shortened format:

If a knockout match is tied after 2 innings:

If a team leads by 6 or more points at the end of the first inning, the trailing team defends again in the second inning (similar to cricket's follow-on). This prevents extended one-sided matches.

Defenders enter the field in batches of 3. When all 3 runners in a batch are dismissed, the next batch of 3 enters immediately. A total of 9 defenders take their turn in 3 batches per turn.

Forfeit Score

Minimum Players

Walkover Conditions

Substitutions

- Team fails to appear within 15 minutes of the scheduled start
- Team cannot present at least 7 eligible players
- Team refuses to continue playing for any reason

A Kho Kho match declared a forfeit is recorded as 10–0 in favour of the non-offending team.

A match cannot start or continue if a team has fewer than 7 players. While 9 is the standard playing number, a team may start with 7 if other players are expected to arrive. A team dropping below 7 during play causes the match to be abandoned and declared a forfeit.

Substitutions may only be made between innings (not between turns within the same inning). A maximum of 3 substitutions per match is allowed.

- Players must be in their correct rotational order at the moment of serve. After the serve, players may move freely.
- One libero may be designated per set. The libero wears a contrasting jersey and may only play in the back row. The libero cannot serve, block or attack from above net height.

- Regular sets are played to 25 points with a minimum 2-point lead .

- Touching the net during play is a fault (except incidental contact away from the action).

Matches are played as best of 3 sets (first team to win 2 sets wins the match).

There is no point cap — play continues until one team leads by 2.

This graduated system (from FIVB) rewards competitive losses — a team that pushes a match to 3 sets earns 1 point even in defeat.
